Mr. Hartung

We need to discuss the attached... and my concern of how we might prevent my children from being strip searched every time they want to see their mommy as I witnessed hundreds of children at the Avenal State Prison be subjected to such an INSULT just to attempt to maintain a relationship with their father's.

I do NOT want their mommy to lose her career let alone cause my daughter and son to be VIOLATED by a random Correctional Officer just so they can give their mommy a hug.

We SHALL speak.

Call me today!

Got it!?! Good!

There is a resolution that will make all parties happy.

Rotary vs. Linear Technology!  
Fight the FIRE... NOT the hose!

Ancient Proverbs - A wise man is open to new ideas. In fact, he searches for them.

In loving memory of Kyle R. Wilson, Technician 1, Woodbridge Station 12, Prince William County Department of Fire and Rescue, Virginia, died while searching for "POTENTIAL" fire victims whom all seven (7) were SAFE next door on April 16, 2007. May all future fire victims learn the IMPORTANCE to communicate, "ALL ARE OUT!" ...when in fact, "ALL ARE OUT!" ...from their 'PRE-DETERMINED MEETING PLACE' ...no matter the time of day or current weather conditions... to meet up with the first arriving fire officer.
