

AND DEMAND and signed UNDER SEVERE DURESS the documentation as the record shows today just so he could keep the kids in a town he knew he could find them in. Respondent paid every extra penny he could muster on airline tickets to fly out to Des Moines, Iowa every five (5) to six (6) weeks thereafter for an additional 15 months or so to maintain and nurture the relationships he now has that are very well established with both of his loving children until he lost his four bedroom home in foreclosure in late November of 2008. He then relocated from Sacramento, California to Ankeny, Iowa and did his best to be in the children's lives every day he possibly could just as he does today while he addresses this matter effectively by creating this document in Salem, Oregon which is filed this date electronically in Des Moines, Iowa Monday, July 7, 2014.

In October 2010, Petitioner then reported to the Child Support Recovery of the State of Iowa and presented FALSE TESTIMONY again that Respondent had paid ZERO (\$0.00) child support whatsoever to her (not the documented verifiable \$29,003.29 that the Respondent ACTUALLY did pay) since the original decree that included the original FALSE TESTIMONY that Respondent earned nearly \$100,000.00 more than he actually did at EXACTLY \$6,660.40 per month and therefor EXACTLY \$127,200.00 [Exhibit X-1 thru X-9]. Child Support Recovery did their duty and levied over \$58,000.00 in child support arrearages that instantly put his commercial driver's license and any and all real property including his van in jeopardy. The attached spreadsheet [Exhibit I-1 and I-2] clearly indicates during Mediation in April 2011, when Petitioner was represented by legal counsel, Respondent was only able to reduce the over \$62,000 in child support arrearages down to \$4,000.00 through heavy negotiations yet the record shows, based on FALSIFIED SWORN TESTIMONY that she AND her attorney Jonathon Coy KNOWINGLY CONSPIRED IN ORDER TO DECEIVE THIS COURT, when ACCURATELY mathematically calculated as it is in said spreadsheet, Petitioner actually OWES Respondent \$3,405.29. Given the difference between what the Petitioner actually OWES and the amount the Respondent was sued in mediation April 11, 2011, the DELIBERATE FALSE TESTIMONY OF PETITIONER AND ATTORNEY JONATHON A. COY yielded a net profit for Petitioner of **\$7,405.29** by EXTORTION.

Respondent filed a formal complaint against Attorney Jonathon A. Coy on January 20, 2011 and completed and submitted **THE IOWA SUPREME COURT ATTORNEY DISCIPLINARY BOARD COMPLAINT FORM dated February 2, 2011**. Although the attached ADMISSIBLE EVIDENCE is overwhelming, Jonathon A. Coy, Attorney was found NOT GUILTY of any wrong doing.

Finally, Paragraph 4 on Page #4, Respondent requests the court to eliminate this language here altogether as this too was a demand by the Petitioner placed on the table that she refused to negotiate to further destroy the Respondent's credibility based on third-party, hearsay, inadmissible falsified evidence that she and only she could insist was true. Absolutely no documentation in any form from any psychologist's or psychiatrist's alleged evaluation was submitted to include same in the current decree. In fact, Petitioner herself has been TREATED for years for multiple psychological conditions requiring MEDICATION and counseling intervention that she has instead demanded the Respondent disclose as an alleged serious mental condition, **THOUGH NONE HAS EVER BEEN DIAGNOSED**, in yet another attempt to CANCEL AND ELIMINATE Respondent's access to Respondent's minor children upon the deliberate submission of third party, hearsay, inadmissible FALSE TESTIMONY as evidence.

The written testimony above should clear the record of the Respondent given the verifiably, deliberate, coercive FALSE TESTIMONY upon him and his two (2) minor said children who have SUFFERED greatly again due to the TERROR subjected upon all parties yet again this week. It is hereby requested to the court that Petitioner be immediately evaluated before she is granted SUPERVISED VISITATION ONLY. Respondent invites any court to demand he be evaluated if any such court prefers this action to be executed upon him as well. Not included at the time of the submission this date is VERIFIABLE EVIDENCE Respondent has NO DIAGNOSED PSYCHOLOGICAL CONDITION WHATSOEVER (INCONCLUSIVE) that requires any medication nor any counseling intervention.

Respondent therefor requests the court take IMMEDIATE action to direct the THIRD DISTRICT COURT OF OREGON, MARION COUNTY to enforce the "Writ of Assistance" filed on July 2, 2014 as early as possible for the SAFETY AND SECURITY of said minor children.
