Subject: RE: Fire- and Life-Safety Education

Mr. Hoffmann-

Thank you for your kind offer to come to our school and give a demonstration. There may be a way for our upper grade students to get to see your presentation, but more information will be needed prior to giving the go ahead.

As I have told you, our students did not make the academic growth that the state and federal government have mandated. This has put us in a difficult situation. All lessons etc. must align with standards. No exceptions! You stated that you have a DVD and a demonstration to do for our students. Be aware, the maximum time that can be dedicated to this would be 30 min. School begins at 8:35. If you would like to pursue this matter, it would be a great benefit if you could submit an itinerary (lesson plan) so that we might be able to justify the loss of teaching/book time. Please let me know what your decision is regarding your plans.

Mr. Hoffmann
Live Oak Elementary

Now on a more personal note---

How dare you take all this as my trying to undermine you. I told you that I would discuss this with Mrs. Varni. Another thing, I think you are pathetic. You have tried to manipulate your way into getting what you want. I am NOT interested in having to align any of this to state standards. I am not willing to put in the hours this would require just so you can float your own boat. Now, the worst thing--you really suck, putting mom in the middle of this and then when the crying, infantile boy does not get his way, he leaves his own mother in the lurch with no way to get to San Diego. By the way, I told mother to have you leave the keys to the car you drive in a box at the airport (remember, you owe mom 30k!!!) how about paying up parasite?

Lastly, look into the mirror if you wonder why I have reservations about your request. How will this do any benefit to 8,9, or 10 year old children???? This comes from the same person to continues to send me e-mail about such assinine things such as prayer in school. Yes, be a fool and spread the lies. Religion is for pathetic losers who need guidance because they can't keep their own acts together. Remember who wanted to "teach" another perspective on evolution"? Give me a break!

I do not care how you take this message. My boss did not respond to you quickly because her life and job do not revolve around what you consider important. She was in meetings all day Tues and is still not on campus today. Whine Whine Whine. she never emailed you back, Boo hoo.

P.s. I don't consider talking to a pack of cub scouts, experience (20 yrs my butt)
good bye

Subject: Fire- and Life-Safety Education

Dear Mrs. Varmi, Principal

Greetings from the Sacramento area!

To introduce myself I am a medically retired Correctional Fire Captain/Peace Officer after 22 years of Service for the State of California. Though I have many credentials including State Certified as a Fire Investigator, Fire Officer, Fire Prevention Officer, and Fire Instructor (in all levels of Fire Science and Hazardous Materials Response), I feel my greatest contribution has been the research and development of three (3) Fire Safety related inventions protected within subsequent acquisition of two (2) patents issued by the United States Patent and Trademark Office that has recently received international recognition.

Though I have a very busy schedule, I plan to be in the area of your school on the morning of September 7, 2006 when I pick-up my mother [...of Fifth (5th) Grade Teacher Robert S. Hoffmann] before going on to San Diego to be present for my 20 year old son as he graduates as one of the youngest [if not the youngest ever!] Rescue Swimmer in Naval History!

As you might expect, I am a very proud father as he will carry on a lineage of many family members who have stood out amongst the many for their dedication and commitment as he has accomplished a program in which literally hundreds have dropped out at his side as he has pushed himself to not only meet every DEMAND but to become TOP in his class at great sacrifice! ...NOT for any special recognition or the opportunity to wear some "cool" pin he is PRIVILEGED to wear on his uniform that COMMANDS incredible RESPECT, but quite simply he has dedicated this time in his life... "So Others May Live!"

As I have personally spoken countless times in my career before groups of literally EVERY age group to teach all topics from Basic "Common Sense" Fire- and Life-Safety and the 911 Emergency Call System for school age children to Tactics and Strategy and Incident Command for those looking to promote within the Fire Service, it would be my honor and pleasure to volunteer my time to perhaps not only share some of my knowledge at your school so those you are responsible for become more Fire Safe [Fire Prevention Month is just around the corner and we can both respect we can never teach and re-teach anybody the importance of these Life Saving tactics] but to also perhaps inspire anyone listening to step out there to be more creative and more courageous to "Just go for it!" regardless of any arbitrary or negative feedback they may receive along the way [even from those closest to their hearts] simply because THEY say so! ...as none of us know who OUR leaders of tomorrow will be!

Please visit my website (under construction) at www.hffire.com and please also view my video www.hoseroller.net that I produced and is now receiving international recognition as Fire Fighters from across the globe are inquiring how it is possible I can accomplish with one (1) fire fighter which they know (and I demonstrate) requires three (3) or more of them to do the same! ...yet far MORE EFFICIENT! ...in LESS space! ...in LESS time! ...than EVER before!

Please feel free to contact me at your convenience to share any thoughts and insights you have to direct me in the manner you would prefer I can perhaps present these and other concepts and the visual aide (s) you've had an opportunity to review. If given the Green Light, my hope is this comes with adequate notice to make any necessary adjustments in your school teaching schedule.

All my Best!

Richard W. Hoffmann I, CEO/Patented Inventor
Fire Captain/Peace Officer (med-ret.)

EXHIBIT "D#2"

P.S. The attached are some "Artistic" images I rendered to appear as paintings from photographs I have captured when the lighting afforded me such incredible opportunity. Enjoy!

EXHIBIT "D-2"

- **Fire Service: 17 Years, 10 Months Professional**
 - **9 Years, 10 Months Volunteer**
- **Assume Duties as Fire Captain/Acting Chief**
- **Peace Officer: Over 13 years (P.C. 832/Chemical Agents)**
- **U.S. Patent No. 6267319 & 6659389: "Method and Apparatus for Rolling Up Hose into an Expanded Hose Coil" – Additional patents pending**
- **California Specialized Training Institute - Hazardous Materials Instructor**
- **State Fire Marshal (PACE II) Certified Fire Instructor in 16 Curriculumms**
- **Certified Fire Officer, Fire Investigator 1, Fire Prevention Officer 1**
- **California Department of Forestry Fire Academy - TOP Student**
- **State of Iowa - Insurance License – Accident/Health and Life**
- **Commercial Driving - Instructor, Administrator, & Proctor for over 14 years since 1989 w/ "NPS" Endorsements**
- **Emergency Medical Technician 1-A for over 27 years**
- **Published Writer, Photographer, & Videographer**
- **Demonstrated Performance Rated Excellent**
- **Fire Hydraulics & Budget Phone Apps**
 - **175.0 College Semester Units**

rich@hftfire.com - (877) HOSEROLLER [467-3765]

Objective

To secure a demanding administrative position that requires vision, commitment, and integrity to create and achieve goals through 'SAFE' progressive training and effective Team Leadership.

Functional summary - (Patented Inventor, Instructor, Fire/Peace Officer)

Fire Service: 17 Years, 10 Months – Professional [Spanning 21 years - 1979 to 2000]
9 Years, 10 Months – Volunteer [Part-time and full-time]

School Bus/Fire Apparatus Driver Safety Instructor and business owner upon medical retirement as Fire Captain/Acting Chief and Fire Instructor; supervise, train, and lead incarcerated inmate and civilian fire fighters in CPR/First Aid, fire suppression, and fire prevention activities and emergency response/operation of fire apparatus and rescue equipment; perform Fire- and Life-Safety Training and inspections; inspect and recharge fire extinguishers; test and inspect fire sprinklers, standpipes, and alarm systems; perform emergency incident, station operation, and instructional course management; investigate fire causes; conduct fire fighter appointment, evaluation, and termination process; prepare and write reports; and maintain tool inventories, timecards, and other records as required. Texas A & M University requested my copyright 'Release' of my video w/ over 100,000 hits incl. <http://deployment.hftfire.com> of the FASTEST, SAFEST and MOST EFFICIENT fire hose deployment method in Fire Service history to be instructed at all levels of said Fire Safety curriculum.

Employment

- 2002 – 2016 **Hoffmann Fire & Rescue Technologies and Equipment**
Monmouth, OR 97361 Please go to: <http://HFTFire.com> & <http://FireandLifeSafety.org>
Hose Roller/Coiler; Rescue Winch; Hose Cabinet; Hydraulics Calculator; Fire and Life Safety Consultation
- 2013 - 2014 **Durham School Services, Waukee School District**
Dallas Center, IA 50063
School Bus Driving SAFETY & CPR/First Aid Lead Instructor and Supervisory School Bus Route Driver
- 2000 - 2008 **Napa Valley Wine Country Tours, Magnum Tours, Wine Valley Experience Limousines**
Napa, CA 94558
Limousine and Tour Bus Chauffeur, Driving SAFETY Instructor, Event Coordinator, and Hospitality

INVENTORS

**METHOD AND APPARATUS FOR ROLLING UP
HOSE INTO AN EXPANDED HOSE COIL**

The Commissioner of Patents and Trademarks has received an application for a patent for a new and useful invention. The requirements of law have been complied with, and it has been determined that a patent on the invention shall be granted under the law.

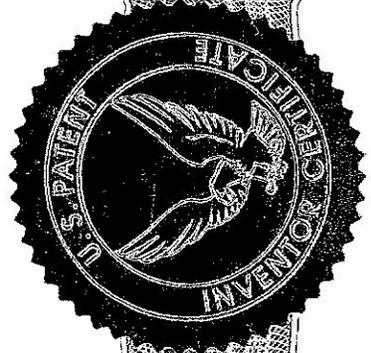

Therefore, this

United States Patent

Grants to the person or persons having title to this patent the right to exclude others from making, using or selling the invention throughout the United States of America for the term of this patent, subject to the payment of maintenance fees as provided by law.

Nicholas P. Adair

Acting Director of the U.S. Patent and Trademark Office

A dual-mode hose roller including a crank and a mounting plate may be used to roll up collapsed hose into either a compact hose roll or an expanded hose coil. The crank and mounting plate are arranged to facilitate transmission of torque from the crank to the desired type of hose winding. When a compact hose roll is desired, torque is transmitted directly to the hose. When an expanded hose coil is desired, torque is transmitted to the hose through the mounting plate and several extension arms. The extension arms are sized so that the hose roller forms an expanded hose coil having a suitable diameter for structural fire hose. The mounting plate is rotatably mounted on a fixed support through a bearing and, optionally, a ratchet mechanism. Using the hose roller, preparation is made for fighting a structural fire arranging a section of collapsed hose into a hose bundle. A section of hose is rolled up into an expanded hose coil and arranged into a number of hose loops to form a hose bundle. The hose bundle may be stored in a box or hose compartment of a fire engine. When water pressure is applied to the hose bundle, it falls out of such a box to form an expanded hose coil.

Dear Richard:

Congratulations! The Peer Assessment for Credential Evaluation (PACE II) committee has reviewed your instructor application. As a result, you have been registered to teach the following course(s).

- Command 1A/B
- Investigation 1A/B
- Management I
- Prevention 1A/B/C
- Driver/Operator 1A/B
- Fire Control 2/3
- Auto Extrication
- Basic Emergency Vehicle Operations
- Basic Pump Operations
- First Responder Operations

The address listed above will be used for all correspondence and shipping (unless otherwise requested). If this address is incorrect, or you have a change of address, please notify this office.

We have enclosed a "Request for Course Scheduling" form and ask that you use it whenever applying for course delivery. If you have any questions or concerns regarding your program, please don't hesitate to contact State Fire Training at (916) 445-8444.

Thank you for support of fire service training in California.

Sincerely,

Ronny J. Coleman
Chief Deputy Director
and State Fire Marshal

Enclosure

NOTICE OF BACKGROUND CLEARANCE

TO: Richard Hoffman
14248 Sandoval Rd.
Atacadero, CA 93422-6514

FROM: Department of Corrections
Background Investigation Section
Headquarters Office
2201 Broadway
Sacramento, CA 95818-2572

REFERENCE

SSN: ~~54-100~~ 5033

EFFECTIVE DATE: JUL 15 1993

CLASS: Fire Fighter

EXPIRATION DATE: List Life

Conditions of Employment:

- Must be a minimum of 21 years old to be appointed.
- Must obtain U.S. Citizenship within three years of application for employment.
- Must obtain valid medical license within: _____
- Must have a valid driver license to be appointed.

This letter is in regard to your suitability for employment with the California Department of Corrections to the classification (CLASS) identified above. As part of the selection process, the Department has conducted a thorough background investigation into your personal history under the authority of and in compliance with California Government Code Section(s) 1031(d) and/or 18930 and 18931.

The information discovered during the investigation has been reviewed and a final determination of "cleared for hire" has been made. This final determination will be forwarded to the appropriate hiring authority or regional testing center pursuant to Department procedures. Please note, this letter is NOT an offer of employment, but is a courtesy extended to advise you of the final determination which has been made regarding the background investigation. This may be only a part of the entire selection process and does not guarantee an appointment.

This clearance has been issued as of the effective date noted above. At any time prior to appointment, you may be required to update the information regarding your personal history. If your eligibility has elapsed, you may be required to complete a new Personal History Statement prior to appointment in order to extend your clearance beyond the expiration date noted above.

During the effective period of this clearance, it is your responsibility to keep the Background Investigation Section advised of your status. Your failure to advise this Section of any arrest or employment termination for cause could affect your eligibility for employment with this Department. Should additional information, which would have supported action to remove your name from the eligible list, be received during the effective period, this clearance may be revoked.

Questions regarding your eligibility or appointment should be directed to the regional testing center or the personnel office of the facility or unit where your eligibility was established.

DUTY STATEMENT

REVISED: APRIL 1995
CIVIL SERVICE CLASSIFICATION: FIREFIGHTER, CF
POSITION NUMBER: 026-216-9001-002
SUPERVISOR: FIRE CHIEF
LOCATION: FIRE DEPARTMENT

DEFINITION:

Under direction of the Fire Chief, duties include but are not limited to: Operation of fire engines, auxiliary and rescue equipment, inspect, maintain and recharge fire extinguishers, conduct fire and safety inspections; test and inspect fire sprinklers, standpipes and alarm systems; write inspection reports and make recommendations for correction of deficiencies; investigate fires to determine causes; train staff and inmates in fire and life safety; train inmate fire fighters in all aspects of first aid, fire prevention, fire suppression, rescue equipment operation, equipment care and maintenance; maintain inmate timecards and supervise inmates in the general fire station housekeeping and upkeep of the surrounding grounds; operate communication equipment; respond to and drive fire apparatus during off-grounds mutual aid responses; maintain records, prepare reports, pre-fire plans and all other reports regarding fire prevention and fire suppression activities.

SPECIFIC DUTIES:

50% Responsible for training inmates in modern fire prevention and fire suppression principles and techniques; fire fighting tools and apparatuses; emergency first aid, cardiopulmonary resuscitation; use and upkeep of motorized firefighting apparatus.

40% Conduct periodical inspections of the prison facility and file written reports and recommendations to the Fire Chief to insure the prison's compliance with all Federal, State, and local laws and regulations concerning hazardous substance, fire prevention and building codes.

10% Maintain records, including inmate timekeeping; prepare inmate work reports. Maintain order and supervise the conduct of inmates in all fire department activities; maintain control of all tools and equipment assigned to the fire department; inspect and maintain firehouse and grounds.

I, RICHARD W. ADKINS have received a copy of my duty statement on 10-13-95
(Name) (Date)

Richard W. Adkins

September 28, 1988

To whom it may concern:

During Rich Hoffman's employment as a Fire Apparatus Engineer in Siskyou Ranger Unit, he demonstrated an excellent attitude and interest in the department.

He was dependable, kept equipment in good repair, and supervised subordinates in a professional manner.

I believe that Rich would be an asset to the department.

FINAL PERFORMANCE REPORT

To the Supervisor of FAE: Richard W. Hoffmann
Siskiyou Ranger Unit

This employee has satisfactorily completed the Basic Fire Engine Operation Course given at the Fire Academy during the period of 5-19-86 through 5-30-86.

The purpose of this summary is to help you appraise the individual for work assignment and further training. The student's cumulative exam score sheet is attached to this summary to assist you in this. A summary of the course content and I.T.R. information are shown on page two.

He completed the twelve days of training with an overall score of 96.8% which placed 1 in a class of 23 students.

Throughout the Basic Fire Engine Operation Course, each student is constantly evaluated by the permanent Academy staff and Assistant Instructors from the field units. His final report of performance is as follows:

Mr. Hoffmann learned quickly and assisted others in his class. He should do well in his present position.

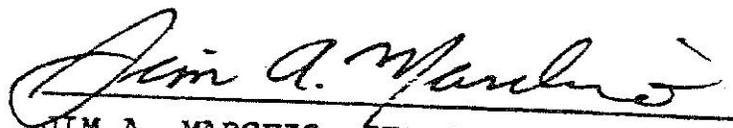

TDP STUDENT

A summary of the total course is as follows:

Orientation	4 hours
Preventive Maintenance	16 hours
Basic Driving	22 hours
Off Road Operations	10 hours
Emergency Vehicle Operations	12 hours
Pump Theory	4 hours
Pump Skills	12 hours
Wildland Fire Control and Behavior	8 hours
Practice	8 hours
Examinations	4 hours
Clean up and graduation	<u>4 hours</u>
	104 hours

An average of 20 additional hours is spent by each student in the evenings on study and drill on manipulative skills.

This student can be credited for the following on his Individual Training Record (ITR): Basic Fire Control (#101), Defensive Driving (#129), Emergency Vehicle Operation (#105).

issues this document to

RICHARD WILLIAM HOFFMANN

Preliminary Designated Subjects Vocational Education Teaching Credential: Part-Time

Subject: Fire Science; Law Enforcement

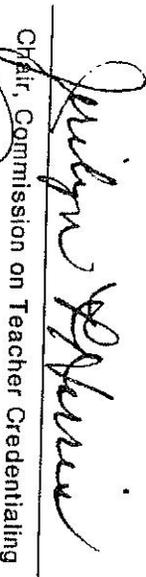

RWP

This credential authorizes the holder to teach the subject or subjects named above in technical, trade, or vocational courses that are part of a vocational education program in grades twelve and below, including preschool, and in classes or organized primarily for adults, for not more than one-half of a full-time teaching assignment as established by the employing school district.

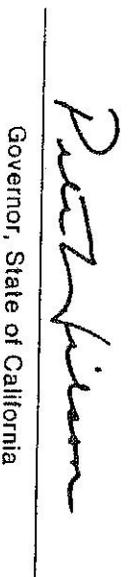

Valid: June 16, 1994 to July 01, 1999

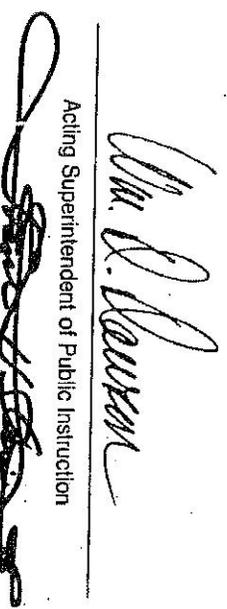

RJP

To renew this credential, the holder must receive a recommendation from an approved local Education Agency and must complete the following requirements, which are explained in detail on the enclosed form: a minimum of two years of successful part-time teaching experience as authorized by this credential and four semester units, or 60 clock hours in an approved program of personalized preparation.

Chair, Commission on Teacher Credentialing

Executive Director, Commission on Teacher Credentialing

Dear Mrs. Varni,

I am confident you are more than aware of the implications for such material to be communicated in any format via School District correspondence.

You will be contacted soon in the appropriate manner to address the severity of this matter.

Rich Hoffmann
(916) 289-4420

Subject: · Response to memorandum from R. Hoffmann
From: rich@hftfire.com
Date: Fri, Aug 25, 2006 12:05 am
To: mvarni@lodiUSD.k12.ca.us
Cc: rhoffmann@lodiUSD.k12.ca.us

Dear Mrs. Varni,

If I may be so brief, I truly don't know where to begin as I must admit I am a bit taken back by the response I received from a member of your faculty who took the liberty to speak on your behalf. Please know I in no way intended to cause any strife or added tension or stress as I am very clear any instruction must align with State standards which is precisely why I requested your direction if and only if I received confirmation to proceed before I encumbered your schedule anymore than I had to review the applicable lesson plans.

I must also admit I am very confused regarding the sincerity of the apperant effort to remain "Politically Correct" in the first half of the message [which I was very pleased to receive] in light of the true essence of the intended communication that was so eloquently described and received in the second.

I never imagined what appears to be the personal agenda(s) and/or need(s) of a staff member would take precedence over the needs of a child no matter what subject area is being presented for instruction.

I am sorry but I think it is in everyone's best interest I decline. I can only wish you all my best.

Respectfully submitted,

Rich Hoffmann

To: rich@hftfire.com

Subject: RE: Fire- and Life-Safety Education

Mr. Hoffmann-

Thank you for your kind offer to come to our school and give a demonstration. There may be a way for our upper grade students to get to see your presentation, but more information will be needed prior to giving the go ahead.

As I have told you, our students did not make the academic growth that the state and federal government have mandated. This has put us in a difficult situation. All lessons etc. must align with standards. No exceptions! You stated that you have a DVD and a demonstration to do for our students. Be aware, the maximum time that can be dedicated to this would be

30 min. School begins at 8:35. If you would like to pursue this matter, it would be a great benefit if you could submit an itinerary (lesson plan) so that we might be able to justify the loss of teaching/book time. Please let me know what your decision is regarding your plans.

Mr. Hoffmann
Live Oak Elementary

Now on a more personal note---

How dare you take all this as my trying to undermine you. I told you that I would discuss this with Mrs. Varni. Another thing, I think you are pathetic. You have tried to manipulate your way into getting what you want. I am NOT interested in having to align any of this to state standards. I am not willing to put in the hours this would require just so you can float your own boat. Now, the worst thing---you really suck, putting mom in the middle of this and then when the crying, infantile boy does not get his way, he leaves his own mother in the lurch with no way to get to San Diego. By the way, I told mother to have you leave the keys to the car you drive in a box at the airport (remember, you owe mom 30k.!!!) how about paying up parasite?

Lastly, look into the mirror if you wonder why I have reservations about your request. How will this do any benefit to 8,9, or 10 year old children???? This comes from the same person to continues to send me e-mail about such assinine things such as prayer in school. Yes, be a fool and spread the lies. Religion is for pathetic losers who need guidance because they can't keep their own acts together. Remember who wanted to "teach" another perspective on evolution"? Give me a break!

I do not care how you take this message. My boss did not respond to you quickly because her life and job do not revolve around what you consider important. She was in meetings all day Tues and is still not on campus today. Whine Whine Whine. she never emailed you back, Boo hoo.

P.s. I don't consider talking to a pack of cub scouts, experience (20 yrs my butt)
good bye

Mrs. Varni,

May I be very clearly my concern(s) regarding the recent correspondence between myself and you that has been carbon copied and replied at your delegation by a third related member of your faculty, Robert S. Hoffmann, Fifth (5th) Grade teacher Live Oak Elementary who represents you with each and every syllable he articulates both in written and verbal form. This does not exclude the verbal Terrorist Threat(s) recorded on my personal voice mail in which Robert S. Hoffmann, stated, "You go by my school site... I AM GOING TO GET YA!" on your behalf toward my person in addition to the totally unprovoked comment regarding my future as a Fire and Life Safety Consultant, "Go to my school site, you will NEVER EVER get on another school site in the United States again!!" as evidenced below.

Additionally I have been informed you have allegedly expressed the hearsay words, "Is he dangerous!?!?" allegedly as a direct result of my communication regarding this matter with Robert S. Hoffmann as it has been expressed you are concerned for the Safety and Security of your person, your Faculty and other Staff and the lives of literally every student you have been blessed with the responsibility there of. I ask, "How can you possibly conclude such a ludicrous deduction regarding my alleged character upon reviewing and condoning the actions of one of your staff without ever making an effort to communicate with parties directly involved!?!?"

I am therefore going to give you one (1) opportunity to resolve this issue at this level as one (1) professional to another as I have never been so humiliated in all my life nor insulted in such the manner as I have from someone of your position and stature who has allowed the false accusations and hearsay comments to dictate your interpretation of my background and experience and subsequent qualifications to present said material in the manner in which it is intended. You have allowed Robert S. Hoffmann to represent you in the manner in which he has seen fit. Produce an official apology at your level only and this matter goes no further. If you choose to continue to condone this behavior on your behalf I will be forced to exercise appropriate legal action you I am sure the liability Robert S. Hoffmann has placed you. I simply offered my professional services yet not for you, but for the children and their families who coincidentally attend your school!

This comes in addition to the written material again delegated by you to be forwarded through Robert S. Hoffmann as evidenced in the correspondence I have received that in one paragraph there is a clear request from you to provide you the material contained with the requested lesson plan, yet within the very same correspondence is a clear rejection [prior to any evaluation of same] in which your delegated word states, "I am NOT interested in having to align any of this to state standards."

Please explain to me what in the world you expect from me or quit harassing me on School District letter head correspondence what you could possibly expect me to do if you were in my shoes to present the attached written lesson plan outline which was specifically introduced verbally first and created second with one (1) goal and one (1) goal intended only:

At your approval and direction to meet all State standards, to increase the Fire-and Life-Safety Awareness for each attending student with the intent this knowledge will then extend to each respective family to create both a safer work and instructional environment and safer home environment for all concerned.

The intent and purpose of the attached lesson plan outline stands on its own merit. I am therefore further insulted as you some how feel you have the audacity to judge my character and both accept and reject me in the same breath as you through your written words of your delegated reply via Robert S. Hoffmann allege I was instead seeking an opportunity to capitalize on an alleged attempt "...so you can float your own boat." to an alleged audience of fifth (5th) grade students so I can allegedly create a severe t"...loss of teaching/book time." As you allege I will only discuss my life's alleged accomplishments!

I ask, "How would you respond the 'greeting' generated at the delegated hand of a person as yourself who admits she has taken no time or effort to verify or disqualify any of the facts regarding this matter?"

As I am a totally uninvolved party to your institutional facility I feel compelled to share as a professional it is no wonder why your teachers at your direction and demonstrated performance have lost any and all flexibility to teach in the style(s) in which they have been blessed. Its not about you, it's about the students! Which is exactly why you condone a teacher's direct rejection before any fact or information can be submitted in a timely manner and therefore evaluated effectively to determine if in fact [in your own delegated words, "How will this do any benefit to 8,9, or 10 year old children????"]

May I state I feel it is very unfortunate we have not yet had the opportunity to meet under different circumstances as I am still very surprised regarding the fact you have made let this get to this point with absolutely no effort on your part to contact me directly for professional clarification but rather condone the manner in which Robert S. Hoffmann has spoken of and to me on your behalf as evidenced in the correspondence received.

Let me also make perfectly clear the reader of this letter shall acknowledge and accept the simple fact any and all correspondence that has been created on your behalf is therefore assumed without question to have been reviewed and/or directed by you by proper delegation or otherwise and therefore represents you and your concerns in their entirety.

Please know prior to my decision to decline my volunteered time and services to 'benefit' not only you but the students it is very evident in this whole process in which you have totally lost track of their needs, you as I quote stated in your delegated word, "... it would be a great benefit if you could submit an itinerary (lesson plan) so that we might be able to justify the loss of teaching/book time. Please let me know what your decision is regarding your plans."

May I remind you again in your delegated word you approved in the same School District correspondence, the words of the second portion as you make an obvious attempt in which you feel you can hide behind, "Now on a more personal note---" as you take a direct

attack on my alleged character flaws and professionally allow the words and outrageous comments such as, [I am NOT interested in having to align any of this to state standards.](#)

Do you not see a problem regarding your clear inability to be in compliance!?! As you continue by justifying your selfish position and state, [I am not willing to put in the hours this would require just so you can float your own boat](#), as you approve the statement, [“Lastly, look into the mirror if you wonder why I have reservations about your request. How will this do any benefit to 8,9, or 10 year old children???? ...](#)

Let us please try to refocus again. I had no expectation of any delivery of any material as I stated if and only if and then at your direction. The goal of presenting said material that I had hoped to teach [*for the SAFETY of the children (emphasis added)*] each student in the proposed 30 minute interactive teaching session is a review of the same material your local Fire Department instructs each October during Fire Prevention Month. I included the link for you to personally view the online version of the eight (8) minute DVD video at www.hoseroller.net at your convenience so you can again make an informed decision regarding this material as well. Again, may I emphasize I specifically asked you how I should proceed.

Do with this as you may but also know as I am always open to any invitation I can possibly arrange my schedule to accommodate even after you have been both personally and professionally insulted me as you have here. I cannot emphasize enough this is not about us, but rather for [*the SAFETY of the children (emphasis added)*]

Below is the basic outline [*for the SAFETY of the children (emphasis added)*] with each subject title identified in bold. The explanation(s) below each are written for the reader only and specifically written to describe supporting data/information in which the reader acknowledges the information will be instructed appropriate for the age group subsequent expected comprehension level of the age group being instruction. It is the instructor's responsibility to adjust the material presented in is taught will determine the complexity of same as provided more detail.

- **“Call 911... and NEVER under ANY circumstance - Hang Up!”** ...as an experienced HELPER will answer who will coach the reporting party ALL the necessary information to help you no matter which service or all three (3) are required! Just CALL!

Today's system does not require the knowledge or accuracy of a home address nor that of payphone or otherwise as demonstrated by my eleven month old daughter who this very week played with what she thought was a plastic toy as she became fascinated with the really neat sounds it made when she pressed three (3) different buttons in the proper sequence and a fourth (4th) button twice in a row. Minutes later a Sheriff's Officer arrived at my home claiming someone from my residence had called 911 and never hung up! The busy signal generated the MANDATED summons of an officer without delay! This

measure ALWAYS produces a result no matter when or where the 'Reporting Party' (RP) may be:

On a separate note however, it is not realized by many a call to 911 with no information exchanged is EXTREMELY STRESSFUL as the responding law enforcement officer knows he has absolutely NO idea what he may or may not be walking into! ...and often times with NO back-up for expediency purposes on a possible well-fare check yet with his/her holstered weapon is READIED for immediate use at moments notice! Please know every emergency worker respects the FACT none of us EVER know when the one (1) 'Call' of our entire career will occur nor the circumstances around same as we can NEVER assume we are responded to just another miss dialed number!

- Second, **“STOP, DROP, and ROLL!”** Long time safety measure on these issues at the present moment.
- Third, if a building in which a child may be occupying becomes involved in fire, **“Touch the door with the back of your hand; Stay low on the way out and Report to the FAMILY Predetermined Meeting Place.”**

In addition to feeling door with the back of one's hand and staying low out of super heated gases where the air and visibility are best, this concept of a 'Predetermined Meeting Place' is EXTREMELY important as many do not realize that children watch animated cartoons and movies that include images of 'Aliens' that destroy lives and property with lasers that often results in fire. Children have much difficult separating emotion and fantasy from reality.

If a child escapes a burning building independent of another to the back or side yard of his/her home, though it is accepted he/she will be extremely frightened, very few realize the incredible impact of the very images he/she may have seen on television earlier that day.

Fire fighter's wear heavy turnout gear with breathing apparatus (Tank, Harness and Face Mask) for our SAFETY at incidents that require airway and body armor protection. If a child has not yet EXPERIENCED a fire fighter up close and personal in Full Gear, many have been known to be extremely frightened by the mere presence of such an 'ALIEN' and regretfully will do anything and everything to hide and/or move away from the very person trying to RESCUE them to SAFETY!

When a mother is missing her child who has NOT yet arrived at a "Predetermined Meeting Place," this is when we truly push ourselves to the end limit as we dance on the edge of possible sacrifice of our personal SAFETY and we RISK it all when seconds truly count! Many fire fighter's

have been SEVERELY injured and many times WORSE [*Killed in the line of duty!*] only to discover the MISSING frightened child to be found perhaps hours later hiding from all the 'ALIENS' in the bushes in the back yard while these children watched in HORROR and EXPERIENCED the thought Mommy and Daddy are DEAD as he/she WITNESSED the entire family suffer such a terrifying DEATH!

This perhaps only AFTER the body of a fire fighter has been removed by a team of other fire fighters who must STOP all operations in progress... CHANGE TACTICS NOW to SAVE the LIFE of one of our own ...and truly PUSH the envelope again, but now even harder as we perhaps struggle to remove the burning debris as a result of a roof collapse as it becomes very evident the SEARCH for the ASSUMED victim could only be FUTILE yet now in VAIN!

Additionally, many have no clue the EMOTIONAL STRESS placed on a Fire Fighter when word is out regarding a missing person or a fallen comrade at a fire scene not to mention the SERIOUS considerations regarding a Fire Fighter's mental well being when we perhaps learns later a small child died literally inches from where it is determined a rescuer was forced to terminate his/her rescue effort due to SAFETY concerns to ensure another was NOT added to the casualty list.

As a member of a "Critical Stress Debriefing Team," our job was to reestablish a sense of "normalcy" for fire fighter's whose lives have been changed forever! The EMOTIONAL experiences that causes IMMEDIATE GUILT and SORROW consumes our every thought in which we NATURALLY second guess our every action and in action and in turn BLAME ourselves for the RESPONSIBILITY of the REALITY we MUST learn to ACCEPT WE CAN NEVER CHANGE!

You can bet when you hear the news of a fire fighter who is injured or worse, you can KNOW for a fact there was a LIFE SAFETY RISK that caused the push of the envelope in which perhaps countless hours of invested training and experience no one could ever put a price tag on may now be terminated forever and never again be available to SAVE the LIFE of another! When only property is involved, we CAREFULLY execute every operation until full mitigation: NO INJURIES under any circumstances as we strive to conduct ourselves as "*SAFETY FIRST!*"

- "***Five (5) Foot Rule***" If the fire occurs in a public occupancy, a child's safety is determined by his/her ability to remain within close contact with his/her parent or guardian at all times. This is accomplished very simply by the parent or guardian who communicates very clear to establishes and maintains this distance radius with firm discipline in which both the parent and the child KNOW is the maximum allowable distance at all times!

This steps right into the next two (2) concepts regarding the FEAR experienced when a child is lost.

- First, **“Name the color of Mommy’s and/or Daddy’s clothes.”** It is very important when going to a large store or Shopping Mall, or Amusement Park, or any area where a child is at risk of becoming lost, to have a child:
 - 1) Look at each clothing article worn by the parent(s) and/or guardian(s),
 - 2) Have a child clothes his eyes and then recite what each is wearing.
 - 3) The parent then also participates by repeating steps 1) and 2) above listing the clothing of each child he/she is responsible.

It should be noted, with the invent and convenience of digital photo equipment (camera or cell phone), a photo of each child will only increase the resources of a responding Law Enforcement or other Emergency Services worker in the event a child becomes lost. This photo can be transmitted immediately to the appropriate law enforcement agency if captured on the

- **“Stay where you last saw your parent or guardian!”**
Instruct the child to NOT wonder in hopes of finding the parent(s) or guardian(s). as this will only increases the search area that is calculated from the time the incident commenced.

to be from the parent or guardian, yet more importantly, have the child
In closing, I feel I have been treated extremely unfairly at the risk of severe consequences to my career as a small business owner whose product(s) and the purpose there of [SAVE LIVES AND PROPERTY] is now at great risk due to the relentless inconsistencies of the correspondence received thus far and verbal threats on my recorded voice mail from the very faculty member I was trying to make a difference for. My record speaks on it’s own with the assistance from someone who I never knew had such personal issues with. The problem you should be concerned about is he has now involved you.

I do NOT plan to attend to deliver the above material in which any logical person would deduce is extremely comprehensive yet very simple that full interpretation can be

obtained from nearly any age group. Even my eleven month old daughter PROVED even she could summons a law enforcement officer who I to explain to why he needed to be assured my family SAFE AND SECURE!

None of anything I have attempted to communicate has EVER been about me! Rather only to teach others and remind more the importance of each concept outlined above.

I demand a written apology from your office for manner in which I have been PROFESSIONALLY judged from the obvious ignorance of you and your staff and faculty that played any role in the communication that have been exchanged thus far!

I will not be degraded by anyone who claims to have any idea what they clearly do not know what they do not know as you condoned official letter head correspondence to include the very words, "I think you are pathetic" ...you really suck" "Yes, be a fool and spread the lies" "... parasite" "I do not care how you take this message." and finally, My boss did not respond to you quickly because her life and job do not revolve around what you consider important. She was in meetings all day Tues and is still not on campus today. Whine Whine Whine. she never emailed you back, Boo hoo.

P.s. I don't consider talking to a pack of cub scouts, experience (20 yrs my butt)

good bye

These above written comments condoned by you are then exemplified by the TERRORIST THREAT(S) on my cell phone voice mail:

Thursday, August 24, 2006 at 0616 hrs. PDT:

"You go by my school site... I AM GOING TO GET YA!" [I CAN ONLY INTERPRET THIS AS A TERRORIST THREAT!]

Thursday, August 24, 2006 at 0619 hrs. PDT:

"Rich, you are pathetic! Go to my school site, you will NEVER EVER get on another school site in the United States again!! Are you clear with that!?! "You know what!?! "Fucking Go for it!"

. Thursday, August 24, 2006 at 1745 hrs. PDT:

"No you won't get back to me you mother fucker! I don't give a fuck what you do, what you say, how you live your life! Do whatever you feel is right!

Let me make myself perfectly clear. If I do not receive a written apology from your office for the manner in which I have continually professionally and personally degraded and defamed by the correspondence you continue to approve regardless of which faculty

member you feel may have been responsible, I will forward this and other information to your Superintendent's Office yet more importantly my Legal Firm, who is presently waiting in the wings to jump at this incredible opportunity to make an example out of you both personally and professionally and everyone you allege you effectively supervise that you are completely oblivious has ultimately only caused only one (1) thing:

Please review these vital points you were likely ignorant of every detail just minutes ago.

There are 21 families who will not be given the opportunity to learn and exercise the material contained here in that I was more than willing to give my time and effort to deliver and submit my lesson plans in the proper format as you and your staff have made it very clear you are, "...not willing to put in the hours this would require just so you can float your own boat." as you REQUESTED for your approval in which it is evidenced by action approved by you extended to your entire Staff are unwilling to face the reality you have no clue when the next EMERGENCY will occur in which this very material may SAVE the life of someone's close family member! This is in addition to a fire fighter who may lose his LIFE because a small child hides in the back yard AFRAID of the ALIENS dressed in full turnout gear while he/she honestly BELIEVES as each and every second SLOWLY passes and he/she therefore EXPERIENCES his family is BURNING ALIVE this child could then be mentally processing the reality of the possibility of LIFE ALONE while the fire fighter who goes in to SAVE this very child RISKS his/her very LIFE searching for a dying child who is hiding SAFELY outside the very danger does not exist!

As no one, yet especially you, could ever know when the next emergency incident will occur [otherwise I would have scheduled my days off appropriately!] you must live with reality and fact and therefore the responsibility of the very lives you claim you have a stake in as you have PROFESSIONALLY "Black-Balled" over an alleged argument of who is more right than another may cause the injury or even death of someone and at the very least delay the possible proper response

The eight (8) minute video presentation which you can review on-line at www.hoseroller.net was simple EXTRA in the event you felt it was appropriate to view. Nothing further!

It has never been about me nor will it ever! WE ALL LOOSE! Do you not GET IT!?!

Re: PENDING PROBATE ACTION – REQUIRED EVACUATION OF ALL ESTATE PROPERTIES and RECOVERY of all ESTATE ITEMS per: 'Last Will and Testament' – Irving Spencer Hoffmann – Lodged: April 12, 2010

Dear Ass-Wipe FELON PERJURIST/EVIDENCED TERRORIST to the ENTIRE Lodi School District per the established parallels upon the "Italian Hall Disaster" referred as the "1913 Massacre", etc.:

It is hereby NOTICED upon this **USPS Certified #7015 0640 0002 8758 4913** that I, Richard William Hoffmann, Sr., hereby personally informs you, RobertA Spencer Hoffmann, and only IF you choose to inform your C.*.N.T. EVIDENCED FIVE (5) FELONY COUNT PERJURY sister and her C.*.N.T. EVIDENCED FIVE (5) FELONY COUNT PERJURY daughter, of which BOTH are EACH EVIDENCED GUILTY of ONE (1) FELONY COUNT OF CONSPIRACY TO COMMIT FELONY PERJURY...

...that if you BELIEVE I am NOT going to secure literally EVERY remaining listed item/historical artifact of Irving Spencer Hoffmann's identified 'Calvary Collection' in said "Last Will and Testament" - Lodged: April 12, 2010...

...that you have NOT YET PILFERED in order to drive a new Nissan FRONTIER **'Pickin' em up Truk'** to APPEAR you maintain the EVIDENCED FALSE life-style you have CREATED upon your excessive POOR CHOICES as EVIDENCED upon you losing literally any position as an ALLEGED but clearly your BELIEF of ENTITLEMENT to secure the RESPECTED but FIRED BY RESIGNATION employment position as a wannabe "TENURED TEACHER"...

[GOD HOW I REMEMBER HOW MUCH YOU ABSOLUTELY LOVE AND ADORE AND MASTURBATE TO RESPECTED 'TITLES!']

...as evidenced upon the near ZERO requests for you to WORK to fulfill any NEEDS as a substitute "teacher" within a minimum 500 mile radius given your philosophies of 'LIFE' that back-fired and yet rendered you as the TERRORIST THREAT TO STUDENTS, FACULTY AND STAFF in January 2007!

...that I am NOT going to have literally every remaining article placed in a Bonded storage facility secured by and with my fellow NON-RETIRED Peace Officers...

...and cause the LEGAL evacuation of each and every PROPERTY as contained within the LEGAL parameters of said ESTATE thereof...

...upon the EVIDENCE against my person upon the EVIDENCE of OBSTRUCTION OF JUSTICE and resulting OBSTRUCTION OF COMMERCE upon a \$40,000.00 per year for THREE (3) FULL YEARS at a \$120,000.00 MINIMUM DEMISE in my ability to provide for my nine (9) year old son, Noah Christian Johnson-Hoffmann, and my ten (10) year old daughter, Morgan Elizabeth Johnson-Hoffmann, upon the MANDATORY loss of my position as a LEAD SUPERVISORY School Bus Driving SAFETY Instructor...

...in which the husband, dweeb ass wannabe MAN of the house, of Kendra Louise Burlison, **Matthew Burlison screamed, “YEAH!!!” WHAT A MOTHER F*CKER!!! ...JUST LIKE YOU!!!**

...in the ALLEGED but evidenced EXTREMELY CORRUPT wannabe California Superior Court In and For the County of Calaveras under the ORCHESTRATION upon the auspices of an alleged but evidenced NON-INTEGROUS Hughie Swift-ASS, Pro Tem Judicial Officer of said wannabe Court...

...that be rest assured, I will see all of you UN-CONVICTED CONSPIRATOR FELONS, shit for brains, lying, deceiving, money hungry psyche fucks will be incarcerated outside prison walls upon being REFUSED “service” in which you and ‘they’ will NOT be able to convince a third cousin’s baby daughter to purchase even a \$1.00 burger at McDonald’s for your soon to be stavin’ ASS for the duration my children are separated from me (690 days so far!) when I am done with you!

Again, your understanding and anticipated cooperation in this matter are both appreciated yet heavily expected in and upon the COMPLETE INTEGROUS adherence of ALL laws of the State of California and ‘WE THE PEOPLE’ of this once great United States as nothing less will be tolerated!

Respectfully submitted,

Richard William Hoffmann, Sr., Pro Se

Enclosure (2): Packet to the Third District Appellate Court of California
